

## Northwest Youth Leadership Summit

Outdoor Youth Connections partnered with 20-30 youth advocacies to sponsor the Northwest Youth Leadership Summit at the Mountaineers Program Center in Seattle. The event hosted 150 teenagers at a two-day event focused on outdoor recreation, leadership, and careers in environment-friendly fields.

The first day was devoted to outdoor field trips ranging from trail maintenance to museum tours. The second day was an indoor summit with educational presentations, breakout sessions and opportunities to network with fellow participants and sponsors.

OYC funded two students, volunteered both days, and contributed to the gift bag.
