

## Mazama Ski Trip

The Mountaineers Adventure Club reached out for adult volunteers and Outdoor Youth Connections was happy to step forward. We joined a dozen teenagers and a few parents to instruct and chaperone a ski weekend near Winthrop. We skied out of Mazama on Saturday and took on the hillier terrain at Sun Mountain on Sunday. Students had the option of classic skis or skate skis and many tried both.

Meals were planned and prepared by the youth; needless to say, we were coddled and well-fed. Evening activities included group discussion, games, visiting town, and even a full eclipse of the moon.

The Mountaineers Adventure Club is a year-round program for youth aged 14-18. Outdoor Youth Connections was pleased to donate \$200 for involving underserved youth in the program
